Appreciating the tremendous contribution of the Monastery of Vatopedi to Orthodoxy, from its founding up to date, in the second millennium of its history, we took the initiative to set up the Association of Friends of Vatopedi Monastery, in order to stand by the Brotherhood and to offer our help with its work.

Anyone who has been interested to learn, study, understand and appreciate a millenium's work and contribution of the Vatopaidi Fathers, consider it a sacred duty and an honor to support their struggle.

We believe that with the support of all our friends we will respond to this mission of ours. The enrollment for the Association is free, with no subscription obligation.

The President

*Constantinos Loulis,
